**Notice Inviting Retender for E-Tender for Cloud Hosting and Management Services**

1. Invitation of Retender for E-tender

The Kerala Cooperative Milk Marketing Federation is in the process of migrating its application to the cloud. It has already migrated some applications like Sales management to the cloud and has started production operations since August 2019. We have started the migration process of other applications and use open source platforms (Linux, Apache, Php, Laravel and PostgreSQL) based applications on the cloud. KCMMF has a long tradition of developing systems in-house and has been doing so since 1980s and will be continuing to do so. At this point we require a service provider to take care of hosting the applications on the cloud and provide system administration services in day to day management of the systems.

E-tender is invited from bidders for Providing Cloud Hosting Facilities, Managed services and Operations and Maintenance Support for KERALA CO-OPERATIVE MILK MARKETING FEDERATION and its Regional Unions web based applications (ERP, website, mobile app, emails) and portals along with rate contract initially for one year and extendable up to additional 2 years without any enhancement in rates prescribed in the price bid.
